PROFESSIONAL PROFILE

Passionate developer focused on creating tools that solve real-world problems. Currently working at TelCo SAPEM as a QA Analyst, pursuing a degree in Information Systems, and managing personal software projects.

WORK EXPERIENCE

QA Analyst
02/2025 - Present

TelCo SAPEM

Conducting exhaustive manual testing in development environments. I leverage my programming background to inspect technical faults, streamline developer workflows, and lead training on new feature implementations.

Co-Founder & Full Stack Developer
12/2025 - Present

NutriGo Club

Leading the business technology strategy. End-to-end design and development of a private SaaS platform for inventory, sales, and analytics, automating key operational processes.
